“How much will it cost?”

Estimates help you avoid surprises when the bills come.

Costs for a medical procedure — like an ultrasound, a checkup, X-rays or joint replacement — can vary by hundreds of dollars. Our Shopping for Care feature includes cost estimates to help you find the right care at the right price. (Cost information might not be included for all plans.)

Estimate your out-of-pocket expenses for medical procedures — and compare pricing details that show you the most cost-efficient providers.
